

MCOST TECHNION

Symposium

on Quantum Science and Technology

Venue

Max Planck Institute of Quantum Optics
München / Garching

The symposium features top international researchers working in various areas of quantum science and technology. Alongside talks that will address current topics in the field, the event will include a poster session and panel discussion on platforms for quantum computing.

25-27
November
2019

Speakers

- **Monika Aidelsburger**..... LMU München
- **Ignacio Cirac**..... MPQ
- **David DiVincenzo** FZ Jülich & Aachen University
- **Manuel Endres** Caltech
- **Claudia Felser** MPI for Chemical Physics of Solids
- **Jonathan Finley** TU München
- **David Gershoni** Technion
- **Shay Hacoen-Gourgy** Technion
- **Theodor W. Hänsch** LMU München & MPQ
- **Sebastian Klembt**..... JMU Würzburg
- **Robert König** TU München
- **Filippo Levi** INRIM
- **Netanel Lindner** Technion
- **Charles M. Marcus** University of Copenhagen
- **Yehuda Naveh** IBM Research
- **Gerhard Rempe**..... MPQ
- **Terry Rudolph** Imperial College London
- **Ferdinand Schmidt-Kaler**... University of Mainz
- **Edo Waks** University of Maryland
- **Anton Zeilinger** IQOQI-Vienna
